---

## OBJECTIVE

To implement and analyze cutting-edge software and intellectual solutions that improve overall business efficiency and value.

## INDUSTRY EXPERIENCE

Telecommunications, Banking, Travel & Hotel, Meeting Planning, Shipping & Logistics, Advertising & Graphic Design, Credit Reporting, Internet Startup, Online Shopping

## EXPERIENCE

6/1995 – Current

**VANNATTER VENTURES LLC.** - Founder - Akron, Ohio

My umbrella company for all freelance projects I have handled over the years. Spans a large range of industries, applications and technologies.

Tools: PHP (5 & 4), CakePHP, Stripe, Twitter Bootstrap, Mustache/Handlebars, vTiger CRM, Eclipse (PDT), Aptana, CodeIgniter, Perl, ASP, ASP.NET, C#, Ruby, JSP, JavaScript, MySQL, PostgreSQL, SVN / Git / Mercurial, Amazon Cloud, Photoshop, Illustrator, Freehand, Flex, Python, AJAX, SOAP, LAMP, Basecamp, Agile (Rally/AgileZen), OpenBSD/CentOS Sys-admin

4/2012 – 9/2014

**EYEMG LLC.** - Senior Application Developer - Akron, OH

Responsible for project development using many different technologies depending on client requirements. Development focus mainly on mobile / responsive website development and iOS/Android application development (both native and PhoneGap-based).

Tools: PHP5, CakePHP, Twitter Bootstrap, Bones WP, Backbone.js, Mustache/Handlebars, PhoneGap, iOS, Android, JavaScript, jQuery, jQuery Mobile, MySQL, CSS, LESS, HTML5, Subversion / Git / Mercurial, Photoshop, AJAX, LAMP

4/2010 – 11/2011

**COUPON CACTUS LLC.** - Director of Development - Telecommute

Responsible for lead development of website and infrastructure tools as well as directing team of developers in day to day operations and project roadmapping.

Tools: PHP5, CakePHP, Zend Framework, Ruby, JavaScript, jQuery, MySQL, Subversion / Git / Mercurial, Photoshop, Illustrator, Sphinx Search Engine, AJAX, LAMP, Basecamp, Janrain, OpenBSD/CentOS System Administration

4/2009 – 1/2010

**AMERICA'S ARMY** - Lead Web Developer - Telecommute

Responsible for creation and maintenance of America's Army website and intranet sites. Included in the project was a relaunch of the main consumer site as well as over 4 different internal sites used by Army recruiters and community managers.

Tools: PHP5, CakePHP, JavaScript, jQuery, MySQL, Subversion, Photoshop, Illustrator, Adobe Flex, Adobe AIR, Adobe Flash, Python, AJAX, LAMP, Basecamp, Highrise, OpenBSD/CentOS System Administration

6/2008 – 4/2009

**GTP TRAVEL GROUP LLC.** - Technical Architect - Twinsburg, Ohio  
Responsible for systems design and architecture including intranet, internet and extranet implementations. Working within an Agile development methodology, I was responsible for designing and streamlining system functions which were critical to business success while detailing and designing new object-oriented frameworks for future development.

Tools: PHP5, LAMP, MySQL, AJAX, jQuery, Agile (Rally), CakePHP, Subversion, Basecamp, Photoshop, OpenBSD/CentOS System Administration

5/2007 – 5/2008

**FIRST MERIT BANK** - Senior Analyst - Akron, Ohio  
Responsible for development and deployment of .NET solution within banking infrastructure. Worked in a corporate team environment to develop tools to improve product up-time and reliability, and increase adoption of new online systems.  
Tools: ASP.NET, C#, MSSQL 2005, Visual Studio 2005, PHP5, AJAX, VB.NET, SQL 2000, XML, CSS, dHTML, JavaScript, Project 2000, VSS, Office Suite

12/2002 – 4/2007

**FIRST COMMUNICATIONS** - Senior Lead Developer - Akron, Ohio  
Responsible for organizing a team of developers and executing the implementation of a corporate-wide intranet and extranet project for our wireless, broadband, and local phone service products. Also responsible for implementing CRM solution. Directly responsible for all .NET and tier development for interacting with billing and AS/400 systems and databases.

Tools: ASP, ASP.NET, VBScript, Visual Studio.NET, C#, PHP4/5, MySQL, VB.NET, SQL 2000, XML, CSS, dHTML, JavaScript, and project management software

9/1999 – 10/2002

**PLANSOFT INC.** - Lead Developer - Twinsburg, Ohio  
Responsible for development and support of multiple intranet applications involving the meeting and planning industry. Included development of both middleware and front-end solutions within a team environment.
